

Dear CCCC Families,

CCCC would like to distribute a phone book of the children that are enrolled at the center. Please complete as much information you would like on the bottom portion of this form. We will list every child's name and enrollment option in our phone book but will not list any other contact information unless more information is given below. **Please complete this form in order to ensure your family's information is included in our All Center Phone Book.** This is a great resource for gatherings outside of school and a tool for strengthening our community.

If you have any questions please let us know.

Thanks!

Tracie
